1 Key information summary

What is this?

This is an offer of New Zealand Government Bonds which are New Zealand dollar, fixed-term, debt securities (the “Bonds”). The Bonds are issued by Her Majesty the Queen in right of New Zealand (the “Crown”). You give the Crown money, or you purchase the Bonds in the secondary market, and in return the Crown promises to pay you Interest and repay the money at the end of the term. If the Crown runs into financial trouble, you might lose some or all of the money you invested.

About the Crown

The Crown is the Head of State of New Zealand.

The Crown’s financial statements are prepared and published in accordance with Part 3 of the Public Finance Act 1989. The Crown’s financial statements are available on the Treasury website at:

<https://treasury.govt.nz/publications/financial-statements-government>

Purpose of this offer

The Crown issues the Bonds to raise money for the general financing purposes of the Crown.

You should also read section 3 of this document (*Purpose of the offer*).

How you can get your money out early

The Bonds are not redeemable prior to the Maturity Date.

The Crown does not intend to quote these Bonds on a market licensed in New Zealand but they will be able to be traded with registered banks and other financial institutions on the established 'over-the-counter' (OTC)

market for the Bonds. This means that you may be able to sell the Bonds to registered banks and other financial institutions before the end of their term. If you sell your Bonds, the price you get will vary depending on factors such as the financial condition of the Crown and movements in the market interest rates. You may receive less than the full amount that you paid for them.

There may not be an active trading market in the Bonds. See "Secondary market risk" in section 5 of this document (*Risks of Investing*) for further details.

No security

The Bonds are not secured against any identifiable assets of the Crown. However, section 55 of the Public Finance Act 1989 provides that all money payable in relation to money borrowed by the Crown, including all money payable to Bondholders is secured by a charge upon and payable out of the revenues of the Crown.

Key risks affecting this investment

Investments in debt securities have risks. A key risk is that the Crown does not meet its commitments to repay you or pay you Interest (credit risk). Section 5 of this document (*Risks of investing*) discusses this risk. You should also read section 4 of this document (*Key features of Bonds*).

What is the Crown's credit rating?

A credit rating is an independent opinion of the capability and willingness of an entity to repay its debts (in other words, its creditworthiness). It is not a guarantee that the financial product being offered is a safe investment. A credit rating should be considered alongside all other relevant information when making an investment decision. The Crown has been rated by S&P Global Ratings, Moody's Investor Services and Fitch Ratings. S&P Global Ratings and Fitch Ratings give ratings from AAA through to C, and Moody's Investor Services gives ratings from Aaa through to Ca.

As at the date of this Product Disclosure Statement, the Crown's long-term local currency credit ratings are AA+ (positive outlook) by S&P Global Ratings, Aaa (stable outlook) by Moody's Investor Services and AA+ (stable outlook) by Fitch Ratings.

Summary description of the long-term credit ratings* from S&P Global Ratings .	Capacity to meet its financial commitments				Vulnerability to non-payment				
	Extremely Strong	Very Strong	Strong	Adequate	Less Vulnerable	More Vulnerable	Currently Vulnerable		In Default
Range of long-term credit ratings for S&P Global Ratings**	AAA	AA Credit rating for the Crown is AA+ (positive)	A	BBB	BB	B	CCC	CC to C	D
Range of long-term credit ratings for Moody's Investor Services**	Aaa Credit rating for the Crown is Aaa (stable)	Aa	A	Baa	Ba	B	Caa	Ca to C***	-
Range of long-term credit ratings for Fitch Ratings**	AAA	AA Credit rating for the Crown is AA+ (stable)	A	BBB	BB	B	CCC	CC to C	RD & D
Approx. probability of default over 5 years****	1 in 600	1 in 300	1 in 150	1 in 30	1 in 10	1 in 5	1 in 2		-

Note:

* The credit ratings set out in the table are the Crown's long-term local currency credit ratings.

** S&P Global Ratings' and Fitch Ratings' ratings from 'AA' to 'CCC' may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

Moody's Investor Services applies numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

*** If a rating of "C" is given by Moody's Investor Services, the issuer is typically in default.

**** The approximate, median likelihood that an investor will not receive repayment on a five-year investment on time and in full based upon historical default rates published by S&P Global Ratings, Moody's Investors Service and Fitch Ratings (source: Reserve Bank of New Zealand publication "Explaining Credit Ratings", dated November 2008).

The offer has not been rated. However, one or more of the independent credit rating agencies above may assign credit ratings to Bonds with certain Maturity Dates offered under this Product Disclosure Statement from

time to time. The Crown expects that any credit rating assigned to any Bonds by such credit rating agencies will be the same as the Crown's long-term local currency rating described above.

3 Purpose of the offer

The purpose of this offer is to raise money for the general financing purposes of the Crown.

4 Key features of Bonds

The return on your Bonds will be made up of (a) Interest payments, and (b) the repayment of the Principal amount of your Bonds (as described below).

Interest

Interest payments will be paid to the Bondholder Registered on the Record Date immediately before the relevant Interest Payment Date.

The Interest payment will be credited to the New Zealand bank account that the Bondholder nominates. If the Bonds are held through NZClear, Interest payments will be credited to the relevant member's NZClear cash account (or a linked nominated account in accordance with NZClear's system rules).

If a bank account has not been provided, the Interest payment will be withheld until account details have been provided. No Interest will be paid on any amounts withheld.

If the Interest Payment Date is not a Banking Day, payment will be made on the next Banking Day (no additional Interest will be paid).

Further information about how Interest is calculated and paid is available in the Information Memorandum.

Principal

The Principal amount of the Bonds will be paid to the Bondholder Registered on the Record Date immediately prior to the Maturity Date.

The Principal repayment will be made on the Maturity Date and will be credited to the New Zealand bank account that the Bondholder nominates.

If a bank account has not been provided, the Principal repayment will be withheld until account details have been provided. No interest will be paid on any amounts withheld.

If the Bonds are held through NZClear, the Principal repayment will be made to NZClear. NZClear will credit the NZClear cash accounts (or linked nominated accounts in accordance with NZClear's system rules) of the members who, at the close of business on the Banking Day prior to the Maturity Date, are holders of the Bonds.

If the Maturity Date is not a Banking Day payment will be made on the next Banking Day (without payment of any additional Interest).

Further information about how the Principal amount of the Bonds is repaid is available in the Information Memorandum.

Transfers

Bondholders may sell or transfer any or all of their Bonds to any person, at any time before the Record Date immediately prior to the Maturity Date by completing a transfer request form. Transfer request forms are available from the Registrar at <https://www-au.computershare.com/Investor/help/PrintableForms>. If you fail to provide the required information on any transfer form, the Registrar may request further information from you resulting in a delay in processing the transfer.

Sale/transfer charges may apply – see “Other possible fees or charges” in section 2 of this document (*Terms of the offer*) above.

NZClear members may sell or transfer Bonds to other NZClear members between the Record Date and the close of business on the Banking Day prior to the Maturity Date.

Selling restrictions

The Bonds may only be sold in conformity with all applicable laws and regulations in any jurisdiction in which

they are offered, sold or delivered. No product disclosure statement, information memorandum, advertisement or other offer material in respect of the Bonds may be published, delivered or distributed in or from any country or jurisdiction except under circumstances which will result in compliance with all applicable laws.

Regulation 72A of the Financial Markets Conduct Regulations applies to the initial offer of the Bonds by the Crown under this Product Disclosure Statement.

This means that an offer of the Bonds for sale by a Wholesale Investor to a Retail Investor in New Zealand does not need to comply with certain disclosure requirements in the Financial Markets Conduct Act and the Financial Markets Conduct Regulations, provided that, except in very limited circumstances, the Wholesale Investor provides a copy of the most recent Product Disclosure Statement for the Bonds that is available on the offer register at <https://disclose-register.companiesoffice.govt.nz/> to the Retail Investor before selling the Bonds to the Retail Investor.

More information on Regulation 72A is available in the Information Memorandum. A copy of the Information Memorandum is also available on the offer register at <https://disclose-register.companiesoffice.govt.nz/>

The Crown has not taken and will not take any action which would permit a public offering of the Bonds, or possession or distribution of any offering material in respect of the Bonds in any country or jurisdiction where action for that purpose is required (other than New Zealand).

5 Risks of investing

General Risks

Your investment in the Bonds is subject to the following general risks:

Credit risk

If the Crown defaults on, or is otherwise unable to comply with, its payment obligations under the Bonds you may not recover the money you pay for the Bonds or receive the expected returns.

Consequences of Crown defaulting

Although the Crown could, in theory, default on its obligations under the Bonds it cannot be put into liquidation or wound up. Accordingly, the provisions of New Zealand law that give priority to certain creditors over others in the liquidation or winding up of a debtor do not apply to the Crown. Claims of all creditors of the Crown would be brought under, and governed by, the Crown Proceedings Act 1950. You would not be liable to pay any money to any person as a result of the Crown's insolvency solely because you are a Bondholder.

Secondary market risk

If you want to sell your Bonds prior to their maturity you will have to sell them on the secondary market. The Crown believes that there is an established over-the-counter market for the Bonds. This means that there are registered banks and other financial institutions in New Zealand who will buy Bonds from Bondholders prior to the Maturity Date of the Bonds. However, there may be no active trading market and the market for the Bonds may not be very liquid.

As a consequence, you may not be able to sell your Bonds easily or at prices that will provide you with a return comparable to similar investments that have a more developed market, and you may receive less on a sale of your Bonds than the amount you paid for them.

The price at which you may be able to sell Bonds may also be affected by other factors such as movements in market interest rates, the market for similar securities and general economic conditions.

6 Tax

If you are a New Zealand tax resident or otherwise receive payments of Interest on the Bonds that are subject to the resident withholding tax rules, resident withholding tax in respect of any payments deemed to be "interest" for Tax purposes will be deducted from the Interest that is payable under the Bonds, unless you produce to the Registrar a valid certificate of exemption on or before the Record Date for the relevant payment, or if you are otherwise exempt from resident withholding tax.

On the Maturity Date, if the issue price paid for the Bonds was less than the Principal you receive, the difference will be deemed to be "interest" for Tax purposes.

If the Registrar is satisfied that you are not a tax resident in New Zealand and the Interest you receive is subject to the non-resident withholding tax rules, the Crown will pay Approved Issuer Levy on its own account in lieu of deducting non-resident withholding tax (except where you elect otherwise or it is not possible under any law, in which case non-resident withholding tax will be deducted).

There may be other tax consequences from acquiring or disposing of the Bonds.

If you have any queries relating to the tax consequences of an investment in the Bonds, you should obtain professional advice on those consequences.
